**Canton Parks and Recreation – Annual Report**

March 30, 2016 (Canton, Ohio) – Canton Parks and Recreation is pleased to release a copy of our 2015 Annual Report. For the first time in the history of the Canton Park Commission and Canton Joint Recreation District, the organizations are releasing a joint report in anticipation of the upcoming merge of the two entities. A report on our two community centers, the Edward “Peel” Community Center and the J. Babe Stearn Center have also been included for the first time.

We hope the report allows the community to see how their tax dollars have been spent while highlighting several notable accomplishments and initiatives from 2015. It also provides a glimpse at what is to come in 2016 as we work towards a unified Park and Recreation department.
